### Active System

#### Aesthetix • Electronics

##### Romulus tube DAC + CD

Richly textured and deeply engaging, Romulus presents digital music with warmth and realism while delivering exceptional clarity and dynamics.

##### Mimas hybrid integrated amplifier

Combining the dimensionality and musical ease of tubes with the control and drive of a powerful hybrid output stage, our exceptionally versatile Mimas delivers music with energy, texture, and effortless dynamics.

#### ProAc • Loudspeakers

##### Response DB1R

The new DB1R takes performance to the next level with the introduction of ProAc's ribbon tweeter technology. The ribbon tweeter, lighter than a human hair, features rear-chamber damping and an alnico magnet, delivering exceptional high-frequency detail, speed and transparency.

#### Origin Live • Turntable and Tonearm

##### Sovereign Turntable

Known for their speed stability, openness, and remarkably low coloration, Origin Live products bring a sense of life and momentum to vinyl playback that feels immediate and engaging.

#### Finite Elemente • Equipment Rack

##### pagode° Signature MKII

A new dimension of music reproduction, achieved through revolutionary technologies that deliver greater precision in detail, enhanced transparency in dynamics, and an incomparably cohesive and vibrant musicality.

#### Audioquest • Power Filter and Cables
